SUMMARY OF BILL AS AMENDED (006523): Requires a local education agency (LEA) to obtain the written, informed, and voluntarily signed consent of a student's parent or legal guardian, or the student if the student is 18 years of age or older, before the student participates in a survey, analysis, or evaluation, unless, in its fullness, it is related to classroom instruction of a curriculum or is distributed to students as a method of evaluating the effectiveness of such, or receives or participates in the health services provided by a coordinated school health program. Requires an LEA to obtain written, informed, and voluntarily signed consent of a student's parent or legal guardian, or the student if the student is 18 years of age or older, before the student participates in any or all of the health services provided by a coordinated school health program. Requires an LEA or public charter school to obtain written, informed, and voluntarily signed consent of a student's parent or legal guardian, or the student if the student is 18 years of age or older, before the student receives instruction of a sexual orientation curriculum or gender identity curriculum and prohibits penalization for grading purposes for exclusion from such. Authorizes a student's parent or legal guardian, or the student if the student is at least 18 years of age, to withdraw the parent's, legal guardian's, or student's consent at any time before the student participates in the survey, analysis, evaluation, or sexual orientation or gender identity curriculum. Prohibits a school from allowing a student to become a member of a club or organization, or allowing a student to participate in any activity of a club or organization, unless the student's parent or legal guardian first provides consent to the student's membership or participation in a dated, written consent.
